EDUCATION

- Syracuse University
Master of Library Science **1985**
- Cornell University
Bachelor of Arts **1982**
Double major: German and Economics
- University of Freiburg, Freiburg, Germany
Spent junior year abroad as fully enrolled student **1980-1981**

PROFESSIONAL EXPERIENCE

- Interim Head of the Science and Technology Libraries** **Aug 2016 to present**
Engineering Library, Cornell University
Supervisor: Dianne Mizzy
In addition to Engineering Librarian below, serves as Interim Head of the Engineering, Math, and Physical Sciences libraries. Responsible for the leadership, management, and mentoring of 4 staff, including 3 librarians and one administrative manager. Oversees budget, policies, and services of three separate service points. Serves on a number of committees, including the Library Directors Leadership Team. Contributes to library-wide priority setting and fostering an environment of collaboration and creativity.
- Engineering Librarian** **2009 to present**
Engineering Library, Cornell University
Supervisor: Erla Heyns, Kornelia Tancheva
Acts as ambassador to the engineering community in developing, promoting, and delivering excellent library services and resources that meet changing responsibilities in education, research, and publishing. Manages the collections budget and develops the collection of journals, books, technical papers, and databases for all 12 engineering departments. Coordinates and participates in the operation of the reference, outreach, and instruction services in the Engineering Library and serves as liaison to biomedical engineering, electrical and electronic engineering, and mechanical and aerospace engineering. Serves on several campus-wide committees relating to library collections. Represents the Engineering Library at regional and national societies.
- Associate Engineering Librarian for Reference and Instruction** **1992-2009**
Engineering Library, Cornell University
Supervisor: John Saylor, Steve Rockey
Coordinates and participates in the operation of the reference, outreach, and instruction services in the Engineering Library. Develops information fluency classes, provides in-person and online reference services, major contributor to engineering library website. Supervises and trains one reference assistant. During 2000-2003 also served as Reference and Instruction Coordinator for EMPSL (Engineering, Mathematics, and Physical Sciences Library), which included sharing expertise and resources and coordinating meetings. Promoted to Librarian in June 1997.

Senior Assistant Librarian 1989-1992
Assistant Reference Librarian 1986-1989

Engineering Library, Cornell University

Supervisor: John Saylor

Assisted patrons with reference questions, provided instruction in using print, CD-ROM, and Internet resources. Verified interlibrary loan requests; prepared library handouts for patrons; prepared bimonthly newsletter; scheduled and provided orientation tours and classroom instruction sessions. Acted as network administrator for the library. Installed and maintained microcomputer hardware and software in the library for staff computers, public CD-ROMs, and electronic classroom. Arranged for repair of equipment.

RELATED EXPERIENCE

Internships

NASA Goddard Library July 2013

Research leave for 2 weeks to study library digital projects, operations, and interview NASA scientists on information-seeking behaviors. As result of work, wrote "The NASA Library and Researchers at Goddard: A Visitor's Perspective" in *Issues in Science and Technology Librarianship*, Spring 2014, <http://www.istl.org/14-spring/article2.html>.

Reference Librarian Intern Jan-May 1992

Olin Library, Cornell University

Supervisor: Caroline Spicer

Worked in Olin Reference Department as reference intern 4 hours per week. Answered reference questions, assisted users in using online and card catalogs, CD-ROM workstations, and reference materials.

Technical Services Intern May-June 1985

Uris Library, Cornell University

Supervisor: Janet McCue

Processed cassettes for media department, updated status of delinquent book orders, trained on RLIN system, participated in annual inventory, filed cards in card catalog, and answered questions at the reference desk.

Reference Librarian Intern Jan-May 1985

Management Library, Cornell University

Supervisor: Donald Schnedeker

Answered questions at reference desk; instructed patrons in the use of materials and equipment.

Production Assistant

Mayfield Publishing Company, Palo Alto, California

Aug-Dec 1984

Performed general and specific editing, design, and manufacturing services in the production department. Responsibilities included: proofreading, copyediting, issuing department status reports, and coordinating the work of compositors, printers, and typists.

Editorial Assistant

Cornell University Press, Ithaca, New York

1982-1984

Assisted humanities editor (Bernhard Kendler) in acquiring and evaluating scholarly manuscripts. Responsibilities included: corresponding with authors, professors, and foreign publishers; determining book prices and royalties; composing book descriptions for marketing purposes; selecting peer reviewers

for manuscripts; and applying to federal and private institutions for grants. Typed 70-100 letters per week. Kept files on over 400 manuscripts and manuscript prospects.

ENGAGEMENT

Faculty outreach – visit incoming new faculty annually; since 2001 have visited over 100 faculty.

EXHIBITS AND DISPLAYS

Created or assisted in the following displays - <https://engineering.library.cornell.edu/about/exhibits>

Early Cornell Engineering Alumni Inventors: Showcases Cornell alumni inventors Leroy Grumman, Meredith Gourdine, Kate Gleason, Willis Carrier, Laurens Hammond, and Thomas Midgley. I did initial research to find inventors. Nicole Margirier did the editing and artwork. January 14, 2004 - August 2004.

Recent Cornell Engineering Alumni Inventors, Engineering Library display case, May - December 2003. Included profiles of Jeffrey Hawkins, Robert Langer, Jerry Woodall, Allyson Yarbrough, David Welch and David Lederman.

Library Engineering, Students Solving Library Problems: Space Optimization and Inventory Control, December 2002 - May 2003, with Catherine Vellake. Exhibited in Engineering Library display case. Shows Catherine Vellake's accomplishments with students of professors Turnquist and Loucks in civil engineering.

Sticker Shock: the Rising Cost of Scientific Journals (August 2001 – June 2002)

LANGUAGES

English – native language

German – speak and read with basic competence

French – bibliographic knowledge
